

## Web and Desktop Applications for Manfact

- Create, view and modify the Non-Conforming Corrective Action Notice
- Send e-mail notification to the Supplier, with the NCCAN attached as a Word document or PDF file
- Provide documentation for in-house repairs of defective purchased parts
- Change the disposition of a debit memo after the fact, without making additional receiving transactions in Manfact, thus improving the accuracy of Supplier Performance statistics
- Record failures and impact supplier performance rating without generating a debit memo
- Update the NCCAN status automatically upon response from the Supplier or after 5 working days to "Pending" and provide a Workflow Alert in the Buyer's Workbench application
