# Buyer's Workbench & Supplier Portal

*Web and Desktop Applications for Manfact*

The image displays three overlapping software windows from NorthClark Computing:

- Supplier Portal (Main Menu):** Shows the company logo and navigation links for Location Information, Company History, and Company Principle.
- Supplier Performance - MATTHEW'S MACHINING:** A window showing quality and delivery performance from 08/01/2002 to 07/23/2003. It includes a line graph comparing MATTHEW'S MACHINING (53.9%) to All Suppliers (55.8%). A secondary graph shows performance from MAR to JUL with a target line.
- Buyer's Workbench - PO Entry Mode:** A window for entering purchase orders. It features a table with columns for Add, Lit#, Order Type, Part Number, and Item Description. The table contains five rows of data for items like MOTOR, CLUTCH, POWER DRIVE, and WASHER FOR. It also includes a 'Things to Do' list with counts for various tasks like 'Supplier Requests for Profile Change' and 'Purchase Orders - Late'.
